Zurbriggen Lab
Information for Winter and Spring 2015 RAs

Please see the Psychology Research board for specific opportunities in the lab.

General information:
The time commitment required is 150 hours over the course of the quarter (i.e., average of 15 hours/week). For your first quarter in the lab, you must take the course pass/fail. After that you may elect to take the course for a letter grade. You must complete your required hours to pass the course, and the quality of your work must be satisfactory. If you elect a letter grade, you will write a 5-8 page paper on a topic related to the research project. In that case, your grade will be based on the paper and on the quality of your work as a research assistant.
