| Lightfoot Industries      | Lightfoot Industries is a hybrid for-profit restaurant/retail line and a non-profit Academy; we provide teenagers with entrepreneurial training and an innovative vocational curriculum to model social, environmental and fiscal responsibility. A true social enterprise, we blend the sizzle of a new concept restaurant with a public benefit mission by providing apprenticeship-based learning in a in a real triple bottom line company. | I could use 1-3 interns. Because our business spans such a wide spectrum (restaurant/retail - to Academy curriculum) there are many areas I would be able to not only utilize an intern, but provide them with real, hands-on learning in a triple bottom line co. Within the restaurant component of LFI, 1) an intern could head up the sustainable best practices of our cafe: recycling, composting, farm relations - protocol development for all. I could also use 2) an administrative intern that helps with our Sustainable Best practices of LFI; defining, coalescing and reporting out on our sustainability, as well as helping integrate into our Company Handbook. This Admin intern could also help manage contacts, office admin, website, logistics etc. The third intern 3) could be a person who is more ‘sustainable education’ focused, and could be put to work on the Academy side of Lightfoot, providing research and support for curriculum development and funding pathway research. Due to the integrated nature of our business, each intern would have the opportunity to work with us on Supper Club events and integrate their focus of work with LFI into the larger whole. | I will maintain a worksite at NextSpace, 101 Cooper St. - the bulk of intern work will be from this location. Additionally interns will work out of our Supper Club location, 1209 Soquel Ave (Backstage Lounge) as job description or event dictates. I would like to schedule the interns to work in the mornings - I am very flexible and although would prefer a set schedule, can work around their schedules to determine. (Instructor’s note: NextSpace is a co-working community in downtown Santa Cruz. See their website at [http://nextspace.us/](http://nextspace.us/)) | Carmen Kubas

| Hybrid non-profit and for profit | (education for at-risk teens)                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                                                                                     |
| Save the Frogs (environment/animal rights) | Frog populations have been declining worldwide at unprecedented rates, and nearly one-third of the world's amphibian species are threatened with extinction. Up to 200 species have completely disappeared since 1980, and this is NOT normal: amphibians naturally go extinct at a rate of only about one species every 250 years!!!

Amphibian populations are faced with an onslaught of environmental problems, including pollution, infectious diseases, habitat loss, invasive species, climate change, and over-harvesting for the pet and food trades. Unless we act quickly, amphibian species will continue to disappear, resulting in irreversible consequences to the planet's ecosystems and to humans.

Save The Frogs is America’s first and only public charity dedicated to amphibian conservation. Our mission is to protect amphibian populations and to promote a society that respects and appreciates nature and wildlife. |
| Two UCSC Campus Interns (promote STF’s activities on UCSC campus) [http://www.savethefrogs.com/who-we-are/volunteers/descriptions.html#campus](http://www.savethefrogs.com/who-we-are/volunteers/descriptions.html#campus) |
| One student to promote Save The Frogs Day to schools, natural history museums, environmental nonprofits [http://savethefrogs.com/day](http://savethefrogs.com/day) |
| One student to promote Atrazine Rally - seek partnerships from other nonprofits (enviro, farmworkers, human health, clean water, cancer groups) in our effort to get the pesticide Atrazine banned. [http://savethefrogs.com/attrazine](http://savethefrogs.com/attrazine) |
| One student to promote the SAVE THE FROGS! Poetry Contest (seek partnerships from other poetry orgs; seek sponsors; seek free ads). [http://savethefrogs.com/poetry](http://savethefrogs.com/poetry) |

<td><strong>Survivors Healing Center</strong></td>
<td>A non-profit organization which seeks to provide a safe space for survivors of childhood sexual abuse and their allies, and to break the silence surrounding childhood sexual abuse. As interns students would have the opportunity to do outreach for Survivors Healing Center. They would help us in breaking the silence around childhood sexual abuse, through presentations, tabling and other activities. They would also have the opportunity to assist us in the planning of one of our major events, the Walk to Stop the Silence. The Walk to Stop the Silence is an event which raises awareness of childhood sexual abuse and the organizations in our county fighting to prevent future abuse and support survivors.</td>
<td>They would be working alongside staff in the office, located in downtown Santa Cruz, or out in the community at events doing outreach. Any time of the week is good.</td>
<td>Ama Delevett <a href="mailto:programs@survivorshealingcenter.org">programs@survivorshealingcenter.org</a> (831) 423-7601 104 Walnut Ave, suite 201 Santa Cruz, CA, 95060 Email is the best way to contact me</td>
</tr>
<tr>
<td><strong>TerraGnoma Community Garden</strong></td>
<td>Located in the sunny coastal community of Seabright, the TerraGnoma Community Demonstration Garden is a meeting space and classroom, as well as a sanctuary for all life. We foster local self-sufficiency through creative and economically achievable projects. We offer Volunteer Friday Hours, workshops, talks and have had successful plant projects. We could take 4-8 interns here at this time. They would work primarily on the garden itself: sowing, planting and tending plants, caring for our chickens and working on building projects (as needed) for the garden. Other work may include organizing our resource library, updating and mailing our monthly event listings to our mailing list, updating our Facebook and other social media outreach, writing brief articles for the quarterly newsletter, etc. A complete job description is available and can be found on the website.</td>
<td>The location of the garden is 1147 East Cliff Drive, SC. Fridays are the ideal day for interns to work with us, however, Mondays could be available depending on the intern and the work area they want to focus on. We usually work from 12:30-5pm both days.</td>
<td>L. Roxanne Evans, <a href="http://groups.yahoo.com/group/terragnoma/">http://groups.yahoo.com/group/terragnoma/</a> 831-421-2843 or <a href="mailto:lrevans@ecocentricdesignco.com">lrevans@ecocentricdesignco.com</a> or <a href="mailto:terragnoma@yahoo.com">terragnoma@yahoo.com</a></td>

sales here at the garden. Recently, we hosted our first fundraiser to raise funds for incorporating the garden which currently operates as a volunteer-run project. Our goal is to be able to expand our programs and to be available to a wide range of community members. We’d also like for the garden to become truly sustainable by becoming self-sufficient through selling our excess (plants, honey, mushrooms, herbs, eggs, etc), expanding our workshop schedule and receiving funding from grants and donors. We’ve had a great first year plus, now it’s time to continue to develop our infrastructure so that we can continue to grow and blossom in 2011.

| Diversity Center          | The Diversity Center offers a wide range of services that serve the lesbian, gay, bisexual, and transgender (LGBT) community of Santa Cruz County. Our programs include providing support for Gay-Straight Alliances (GSA) in area schools, serving meals to LGBT seniors, producing panels of speakers to help debunk myths and stereotypes about LGBT people, and much more. We are particularly interested in interns who would like to | We could manage 1 intern per project area (Youth, Senior, and Triangle Speakers).
A youth program intern would participate in GSA meetings at local schools with program staff, and provide support for the club in the activities chosen by the youth. This could range from organizing a rally to lobbying the administration for changes in the curriculum.
A senior program intern would work with our program coordinator to produce our monthly luncheons and |
| (social justice/human     | provided.                                                                 |
| rights)                   | Typically work would be done at The Diversity Center at 1117 Soquel Ave. Some off-site work could be required for the senior and youth programs to attend GSA meetings and our senior luncheons, respectively. |
| non-profit                | | Jim Brown, Executive Director www.diversitycenter.org (831)425-5422, jbrown@diversitycenter.org |

## Familia Center

**Type:** non-profit

**Description:** Familia Center is a Latino resource center. Some of the services we offer are advocacy, Health screenings, information and referral, help with translations, educational workshops, help with resumes, job searches, assistance with government forms and our after school youth programs.

| 3 interns would be ideal at the moment. The interns/volunteers would serve as an academic mentors for high school or middle school aged youth, in our after school program. | Familia Center is located at 711 E. Cliff dr. We have two groups that they can chose to work with. Our middle school aged group runs from Mon- Thurs from 3:30-5:30 and our Teen Club runs Tues- Thurs 6-8pm. | Erika Lomeli Youth Programs Coordinator at elomeli@familiacenter.org or 423-5747 ext. 18 |

## Friends Outside

**Type:** non-profit

**Description:** Friends Outside is a jail visiting service. Our goal is to help lessen the trauma of incarceration for inmates & their families, to provide information that can lead to positive changes, & to assist ex-offenders with their re-entry into the community.

| Students interested in this program are requested to commit six months of volunteering. Two trainings are available in January from noon-1 PM. The dates are Monday, January 10 or Thursday, January 13. The address is 1060 Emeline Ave., Bldg. F (Solarium at HSA) | Friends Outside visit the following jails: Blain Street Women’s Minimum Security; Minimum Security Main Jail for Men on Water Street; Minimum Security Main Jail for Women on Water Street, and The Farm Medium/Maximum Security in Watsonville. Students participating in this program will need to have security clearance. | Danielle Obinger friendsoutside@scvolunteercenter.org http://www.friendoutside.org/ 1010 Emeline Avenue, Santa Cruz, CA 95060 (831) 427-5070 |

## UC-AFT Local 2199

**Type:** union--education

**Description:** University Council-American Federation of Teachers (UC-AFT) represents lecturers and librarians at each University of California campus. We are fighting to defend accessible, quality education and fair working conditions at UC.

| The main project for our Winter 2011 intern will be to develop a newsletter highlighting our members’ accomplishments in and outside of the classroom. The intern will photograph members and write stories about their work. The UC-AFT Field Representative will provide guidance, however this internship | Qualifications
| - Strong commitment to social and economic justice and building power for workers
| - Ability to listen and communicate effectively with diverse groups of workers, students and faculty | Please apply via email describing your interests and any related experience to Allison Guevara at aguevara@ucaft.org |
We are currently seeking a volunteer intern to work with us for the 2011 Winter Quarter. This internship offers students the opportunity to hone their organizing skills alongside working people who are struggling for positive change, serving as preparation for future work doing union, political or community organizing.

**Intern Responsibilities**

Including but not limited to:

- Meet with the Field Representative to develop a work plan
- Outreach to faculty
- Write newsletter stories featuring UCSC Lecturer and Librarian accomplishments
- Photograph members
- Attend meetings and events as needed
- Assist with other tasks as needed

Transition Santa Cruz

Transition Santa Cruz is part of an international effort to steer each city/community to a more resilient community based future. Our mission is to be a catalyst for Santa Cruz' relocalization—the development of local self-reliance in food, energy, transportation, media, systems of care, economy and the arts—through a broadly inclusive community-building process.

The particular project we would like to get help with specifically is to develop a "community resilience tool-kit" which means an emergency preparedness kit for citizens as well as a more

Ideally probably 2 - 3 interns working together on different parts of this pamphlet would be all that is required. They would be doing research on our local emergency preparedness offerings in Santa Cruz as well as helping us identify what hasn’t been thought about like rising ocean levels or drought and, working with the members of Transition Santa Cruz, would draft something that may address those areas.

They can work anywhere. We often meet Wednesday mornings but it is very flexible.

| Ability to work collaboratively with union staff, faculty, and other student activists |
| Leadership skills |
| Independent, strategic and creative |
| Excellent writing skills |
| Ability to develop a newsletter |
| Ability to meet deadlines |

Please apply no later than January 10.

Batya Kagan. Please contact me via my phone at 419-6574 or my e-mail: info@yourbackyardbounty.com Our organization's website is www.transtionscowrg.
Transformative Action, UCSC Winter Quarter 2011, Civic Engagement Placements

| New Earth Exchange (local currency) | New Earth Exchange is a local currency and local economy project with an eye towards environmentally concerned businesses. This is something Transition Santa Cruz is promoting and is collaborating on. | Environmental statements coordinator - We will need one student to serve as the environmental statements support person for member businesses. This student will help member businesses to identify ways in which they are already supporting environmental responsibility, as well as new ways that they could be more environmentally responsible. They will then help business owners to create environmental statements for posting on their membership profiles. | Membership Enrollment - We will need two students who will identify eco-friendly businesses that are likely candidates for membership and contact them to educate them on the environmental and economic benefits of local currency in general and the value of participating our program. These students will be trained to use our website to help members to create their New Earth Exchange profiles. | All students will be asked to contribute a minimum of 3 hours per week to this project, but could be utilized for up to 10 hours a week. | Langdon Roberts, http://newearthexchange.ning.com/831-464-1419 |
| Boots Road Group | Boots Road Group LLC provides communications and strategy consulting for companies and organizations making the world a better place. Our pro bono projects include Imagination Coast; Rancho Cielo Youth Campus, which is a very successful alternative to probation for young offenders, and the Community Alliance for Safety and Peace (CASP), which unites all the government, law enforcement and non-profit organizations involved in reducing youth violence in Monterey County, and has been chosen by the White House as one of just six community violence-reduction efforts to receive targeted federal support. | Priority opportunities with Boots Road Group, for up to 2 people:  
- Assist with the development and dissemination of print and digital materials for the For Our Future/Para Nuestro Futuro campaign for CASP. This campaign's purpose is to rally the entire Monterey county community behind a unified effort to reclaim a violence-free future for children. Boots Road has developed the brand and advises CASP on communications and overall strategy. Materials will include t-shirts, posters, stickers, mugs, tote bags, web graphics, etc.  
- Assist with the development and maintenance of a web-based summer youth activities calendar. Violence rises in the summer, when youth are out of school. It falls when they have positive activities to get involved in. With the goal of improving on previous print-based efforts, the web calendar will aggregate information about youth activities and enable distribution by email, social media and mobile. | Home base is at the Boots Road Group office in the Professional Building, 215 W Franklin St, Monterey 93940, however two employees live in Santa Cruz and could work locally with students. Most of the work would be done in the field or from the intern's home, via email, web and phone. We also schedule regular meetings with our interns in order to provide them with direct mentoring in addition to the instruction and oversight they get in the performance of their work. | Spencer Critchley  
Managing Partner  
Boots Road Group LLC

| Imagination Coast | Imagination Coast is a network of people and organizations active in sustainable development on the Central Coast of California: Santa Cruz, Monterey and San Benito Counties. Its goal is to produce a vision, strategy and brand for sustainable development. | Priority opportunities with Imagination Coast, for up to 4 people:  
- Assist with the creation of a regional sustainable economy asset inventory. The first step to forming a region-wide strategy for sustainable development is to collect and organize information about the assets we have that would support that strategy. These | Home base is at the Boots Road Group office in the Professional Building, 215 W Franklin St, Monterey 93940, however two employees live in Santa Cruz and could work locally with students. Most of the work would be done in the field or from the intern's home, via email, web and phone. **Receiving toward meeting the needs of all concerned. These skills provide clarity, understanding, and connection leading to mutual respect and cooperation. Whether you're caught up in long-term hostility or a new dispute, this process can help create resolutions that are satisfying for everyone involved without painful compromise or sacrifice. NVC gives concrete tools for replacing old patterns of defensiveness, resistance, and counterattack with an experience of greater harmony and power with people. Nonviolent Communication gives everyday solutions to your most perplexing communication problems.**

Week class, sliding scale of $160-320. Students on financial aid can receive up to 50% assistance.

Hours/week to practice NVC skills. Students wishing to continue learning NVC will have an opportunity to work with Kresge College or College 9/10 to help develop theme residence halls based on the principles of Nonviolent Communication.
| Boomerang Foundation | Non-Profit (cultivating community service among high school students) | **Boomerang Foundation** is a nonprofit whose mission is to cultivate compassion in young people through community service so that they develop a life-long commitment to helping others. Our program goals are as follows: 1. To enhance success of teens in high school, college admissions or with career opportunities by providing online tools to chronicle and highlight their community service projects. 2. Strengthen the future of the nonprofit sector through early involvement and partnerships with young people. 3. Help teens build self confidence that their individual and collective efforts will have a positive and direct impact on communities: local, regional, national and international. 4. Raise awareness among teens about issues outside of their immediate experience. | It would be ideal to have 4 or 5 students to work together on the following immediate projects: 1. Research everything online about service learning to support in the development of a web site. 2. Write your own personal story about how community service has enhanced your life for use on the web site and gather stories from other college students from a variety of backgrounds on their personal service experiences. 3. Assist with the development of an online toolkit (Drupal) that allows users to create a community service profile and share ideas with other teens. 4. Work one-on-one with high school students to create service projects. 5. Join the Boomerang Foundation student board. |

| Santa Cruz Desalination Alternatives | Santa Cruz Desalination Alternatives (SCDA) is a new organization dedicated to spreading public awareness regarding sustainable water solutions for Santa Cruz. SCDA is comprised primarily of volunteers and citizen activists opposed to the desalination facility proposed by the City of Santa Cruz and the Soquel Creek Water District. SCDA instead favors a combination of cost effective and environmentally sound water policies that will augment supply, boost conservation, and ensure drought security. SCDA is launching a comprehensive outreach effort and interested students will be involved in every facet of the campaign. Local initiatives are a great entry point for students pursuing careers in public policy, law, electoral politics, business, organizing, and social and environmental justice. | SCDA is seeking anywhere from 2-3 students to help with everything from media relations and policy analysis to canvassing and data entry. Students will be asked to attend organizational meetings and act as campus liaison. There will be 1-2 hours per week of canvassing or a similar activity. The rest of the time will be spent meeting with community leaders and the media, writing communication materials, analyzing policy, and assisting with web presence. | The executive committee meets at an office at 157 Van Ness st. on Wednesdays at 1pm but we are flexible. We will work with students during the times that best fit academic schedules. | Contact: David Stearns, www.DesalAlternatives.org. Email: DavidStearns5@gmail.com |
| Homeless Garden Project | Homelessness and joblessness go hand in hand. Lack of job skills, recent work history, social support network and low self esteem all make the transition out of homelessness more difficult. The integrated approach of the Homeless Garden One to two interns would be ideal. During the winter interns would be involved in the organization and planning of the flowers and vegetables for the spring and summer season. Most of our interns work with trainees on everyday farm jobs such as weeding, planting, bed prep, etc. | Interns would be working on the Natural Bridges Farm which is located on Schaffer Rd (right by the entrance to Long Marine Lab, off of Delaware Ave.). The best days for interns to come are Tuesdays through Saturdays depending on the student's schedule. | It would be best to contact Kelly at Kellym@homelessgardenproject.org. Our web address is www.homelessgardenproject.org. E-mail is the best |
| Non-profit | Project’s programs addresses all of these needs. The Homeless Garden project seeks give homeless soft jobs skills and an opportunity to move onward towards their goals through organic farming. | I could handle as many as 10-15 student interns. We would be organizing fundraisers and working on an awareness campaign. The awareness campaign consists of interns working at booths around campus and educating their peers about the genocide in Northern Uganda. This campaign, as well as various fundraisers, allows the interns to work behind the scenes of a grassroots effort, exposing them to their potential to make a difference in the world. | Part of the time the interns would work at various locations around campus raising awareness about the genocide in Northern Uganda. We will also spend a good deal of time as a group collaborating and brainstorming on various fundraisers. I will post my schedule for the students and my available times at CEP. | way to reach Kelly or students can also call the farm and ask for Rachel at 420-1020. |
| Kids Helping Kids | Kids Helping Kids, Inc. is a charity established for the purpose of benefitting children, specifically focused on building schools and providing supplies for underprivileged children globally. The charity also acts as a support system for children within the United States who need guidance and direction in order to establish their own charitable organization. Currently we are focusing on raising the funds necessary to build a reintegration center in Northern Uganda to facilitate the reintegration of former child soldier back into the Ugandan society. | Layton Klein www.lightinuganda.org lightinuganda@lightinuganda.org atklein@slugmail.ucsc.edu (415) 699-7358 |
| Shared Adventures | Shared Adventures is founded on the belief that recreation, fun, challenge and access to the outdoors are an essential part of a healthy and fulfilling life and should not be limited to only able-bodied people. We are a community-based nonprofit organization. | Shared Adventures is able to accommodate three different types of interns (4 in total): Activity/Administrative intern, Our Shared Garden Intern, or Young Artists Studio Intern. **Activity/Administrative Intern:** The Activity/Administrative intern Activity/Administrative (1 intern): The Activity/Administrative intern Activity/Administrative Intern: Shared Adventures’ office is located at 90 Grandview St B101 on the Westside of Santa Cruz. (Please click here for map & directions) Activities are located throughout Santa Cruz County and some farther. Carpooling is available to some activities. | Foster Andersen Founder/President of Shared Adventures foster@sharedadventures.org (831)459-7210 www.sharedadventures.org |
established dedicated to improving the quality of life of people living with disabilities. Our goal is to offer opportunities for social and recreational interaction for disabled people, and thereby encourage:

- Personal growth, development, and self-confidence
- Cooperation and decision-making skills
- Problem-solving and leadership skills
- Outdoor skills and environmental awareness
- Improved quality of life and level of happiness

will provide support to Shared Adventures’ programming both directly and behind the scenes. Direct support may include volunteering at some of the following activities: bowling, rock climbing, fundraisers, 7th Annual Day in the Sky, fishing & picnic at Pinto Lake, trip to Monterey Bay Aquarium, gardening, and/or art class. Most activities take place on weekends and some on weekdays. Interns will not be responsible for facilitating any programming unless interested with the support of a Shared Adventures’ staff.

Behind the scenes, the intern will support administrative tasks at the Shared Adventures office. Office hours are Tuesday, Thursday and Friday 11am – 5:30pm. Interns are asked to spend a minimum of 2 hours in the office every other week. It is possible to accommodate some administrative tasks outside of office hours at a different location. Tasks may include: updating databases, creating and preparing activity materials, organizing storage, putting together mailers, and various other projects. For more information, please contact Shared Adventures’ Activities Coordinator, Martha Wegner at martha@sharedadventures.org

**Our Shared Garden (1 intern):** Our Shared Garden is a bi-weekly program of Shared Adventures

---

**Garden Intern:** Trescony Community Garden is located one block off of Mission on Trescony St. This is one block east from Bay Street. *(Please click [here](#) for map & directions)*

**YAS Intern:** The Young Artists Studio is located at the Branciforte Smalls Schools campus on Soquel Ave and Branciforte Ave. *(Please click [here](#) for map & directions)*
located at the Trescony Park Community Garden (1 block from Bay & Mission). We spend afternoons in the fresh air sowing seeds, watering, weeding, pruning, and harvesting our 7 raised garden beds. On rainy days an indoor nature craft or project will take place. Our Garden Director, Allison O'Sullivan, will be there to teach and demonstrate different gardening techniques. Allison has over 10 years of experience with organic farms, and has studied agriculture throughout California and as far away as Ghana, West Africa. Allison is certified in Permaculture Design from the Permaculture Institute and has been teaching outdoor education for 8 years.

UCSC Interns will provide direct support to the garden program. Interns will always have the opportunity to interact with program participants and the Garden Director. For more information, please contact Garden Director Allison O'Sullivan by email: oursharedgarden@gmail.com

**Interns need to be available during gardening hours:** Mondays & Thursdays 12:30 – 2:30pm.

**Young Artists Studio (1-2 interns):**
Young Artists' Studio (YAS), a Shared Adventures program, is an inclusive after-school art program for disabled and able-bodied young people aged 12-18. Students work with many creative mediums including printmaking, painting, ceramics,
beading, and photography. They also learn about master artists, take field trips to view local art, and participate in art shows.

UCSC Interns will provide direct support to the YAS program, supporting studio activities. Interns will interact with both Art Teachers and program participants. For more information, please contact YAS Director Kim Evans by email: evansgarcia@cruzio.com Interns need to be available during studio hours: Tuesdays & Wednesdays 3:30 – 5:30pm.
