Transformative Action Class  
Civic Engagement Placement Sponsor Form

Students enrolled in UCSC course “Transformative Action” winter quarter 2011 undertake a civic engagement project either at UCSC or in the wider community.

Students agree to work a minimum of 30 hours during the quarter (approx. 3-4 hours per week) with an organization involved in creative and innovative solutions to pressing social problems. Students are to treat this internship as a professional job and keep agreements with the sponsoring organization.

Organizations are requested to have meaningful and well-defined work for the students. Sponsors are requested to meet initially with student interns to discuss the quarter, expectations, and responsibilities.

Students agree to discuss any concerns promptly with the sponsoring organization and work together to find a win/win solution.

Sponsors agreed to give feedback to students during the quarter and will be responsible for evaluating the student’s performance at the end of the quarter.

I agree to sponsor ________________________________ as an intern during winter quarter, between January-March 2011.
