

Spring 2018

Directed Reading Program Symposium

Monday, June 4 5:00-8:00pm

University of California, Santa Cruz

McHenry 1247

“Manifolds and Lie Groups”

Sandra Nair

“Fluids 101”

Nicholas Robles

Break for Dinner

“Game Theory and Nash Equilibria”

Jack McKee

“Adventures in Celestial Mechanics”

Max Angel

“Projective Varieties and the Grassmannian”

Evan Forletta

McHenry 1270

“Mathematical Modelling of Infectious Diseases”

Sally Liu

“Extracting Order from Unpredictable Systems”

Evanjelin Mahmoodi

Break for Dinner

“Computing the Table of Marks with GAP”

Emma Husby

“Decision Trees”

Charlene Zhang

“The Spectral Theorem in Finite Dimensions”

Kevin Vivian

“The Fundamental Group and Related Theorems”

Dean Braeman

Thanks all of the graduate student mentors for their work with undergraduates this quarter!
