

Applied mathematics TA professional development

September 19, 2022

Ian May

Department of Applied Mathematics
University of California Santa Cruz

Santa Cruz, CA

Structured reflection

- What topics today were completely new to you?
- Do you feel prepared for planning/leading sections?
- Can you define *equity-minded teaching* in your own words?
- Do you think you could incorporate active learning into a section?
- Are there any topics you'd like to know more about?
